Frontend: React.js, HTML5, CSS3

Backend: Node.js, Express.js

Databases: MongoDB, MySQL

Version Control: Git, GitHub

Tools Platforms: VS Code, Postman, Render

Cloud: Cloudinary

Concepts: REST APIs, OOP, CRUD Operations

EXPERIENCE

Web Developer intern

Pune

Slash Mark IT Solutions (OPC) Pvt. Ltd.

Jan 2025 – Feb 2025

- Full Stack Developer Intern at Slashmark Infotech Pvt. Ltd., where I enhanced web app functionality and responsiveness using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Contributed to user authentication and IJI components, optimizing code for better performance and responsiveness.
- Built and tested user-friendly interfaces with React and Tailwind CSS, converting Figma designs into responsive web pages.
- Gained hands-on experience with tools like Git, Postman, and Vite, strengthening my understanding of real-world development workflows.
- Improved practical skills in frontend development, REST API integration, and collaborative project work, preparing for professional web development roles..

PROJECTS

Virtual Goods Trading Marketplace | MERN Stack, Razorpay, Cloudinary

- Developed a full-stack marketplace for trading in-game weapon skins from PUBG/BGMI, Valorant, and CS:GO.
- Implemented secure payment processing using Razorpay and optimized image uploads with Cloudinary.
- Designed a modern, responsive UI with seamless item listing, browsing, and buying experience.

Personal Stories Sharing Platform | MERN Stack, Socket.IO

- Built a storytelling platform allowing users to share personal stories with ratings and comments.
- Integrated features like user authentication, search, post rating, and image-based content.
- Enabled real-time chat functionality using Socket.IO to foster community interaction.

CERTIFICATIONS

- Infosys Springboard React JS certificate
